

EGAP 21 Network Activity: Guided Hike Through Solamere Loop

Friday, October 13th

EGAP Members should meet at the Main Lobby of Silver Baron
at 4:00 PM to begin the hike

Brief Description / Items to Bring for Hike:

The Solamere Loop starts at Deer Valley, and runs up and down two mountains. It's great working on those summit attacks, while enjoying views over Deer Valley, Park City, and Jordanelle Reservoir. The fall leaves are beautiful right now so don't forget your camera. Total climbing is around 500 feet and the distance of the loop is about 3 miles. The high will be only 50 degrees so please wear a jacket and pants. Also be sure to bring hiking shoes or tennis shoes. This will be a dirt trail with hills. Bringing water and a snack is also encouraged. Should be a great day!
